FC1500
Multi Strength Surface Mounted Closer

maximise without compromise

FC1500 Multi Strength Surface Mounted Closer

The FC-1500 is a multi-strength surface mounted hydraulic door closer, designed to complement the FC-1000. A hardened rack and pinion mechanism is housed in a die cast aluminium body.

Suitable for left or right hand opening doors, top jamb and standard fixing. A parallel bracket is supplied for parallel arm installations.

Adjustment valve screws and fixings are concealed behind a slide on, anodised dress plate.

Features:

- Tested to EN1154
- FC1500 has all the functionality of the FC1000 but with added features
- Multi strength surface mounted closer
- Adjustable to accommodate a variety of door widths
- Backcheck can be adjusted to suit application
- Delayed action available as an option allowing unhindered access particularly useful for Hospitals
