

**HD80 Series**  
Aluminium Tube Handle

maximise without compromise

## HD80 Series Aluminium Tube Handle

The Axim HD80 series of full height tubular handles are designed for use with aluminium, steel and solid timber doors. Extruded aluminium tubes can be cut to suit the individual requirements after the door has been installed making them extremely suitable for high traffic areas.

### Features:

- 2500mm x 40mm tubular Aluminium handles include extruded brackets
- Brackets available angled or straight
- Minimum wall thickness of 5mm deflection for rigidity
- Capped tube ends for pleasing aesthetics
- Quality products at an affordable price

The handles can be finished to suit the design requirements and are available in:

SATIN SILVER – Anodised

DARK BRONZE – Anodised

BLACK – Polyester Powder Coated

WHITE – Polyester Powder Coated

MILL FINISH – For customer painting
